

## **White Label Rights License for GPTs from The GPT Creator Club**

Thank you for purchasing white label rights to this GPT-based AI tool!

This license grants you the following rights:

### **[YES] What You CAN Do:**

- You may edit, customize, and rebrand the GPT (including its name, description, prompts, and instructions) as your own.
- You may sell access to your version of the GPT under your own name or brand.
- You may use the GPT as part of a paid product, course, or coaching program.
- You may include the GPT in a paid membership site or digital product bundle.
- You may use the GPT for lead generation or offer it as a free bonus or incentive.
- You may create tutorials, demos, or sales materials based on the GPT and its intended use.
- You may charge whatever price you like for access to your rebranded version.

### **[NO] What You CANNOT Do:**

- You may not sell or transfer the white label rights to others (i.e., no passing on reseller or licensing rights).
- You may not use the original creator's name, branding, or likeness (if provided) when promoting your version.
- You may not use the GPT or associated materials in any illegal, unethical, or misleading way.
- You may not claim copyright over the original source unless you have made significant modifications or improvements.

### **[INFO] Additional Notes:**

- You are responsible for ensuring compliance with OpenAI's terms of service and any applicable legal regulations in your jurisdiction.
- By purchasing this license, you agree to abide by these terms and use the GPT responsibly.
